

# ENFORCER

The Dura Vision Enforcer 60w LED work lamp offers the latest in high powered LED technology, designed for use on heavy duty mining vehicles. With a compact design, waterproof to IP69 and vibration ratings of 25G RMS the Enforcer provides lighting solutions in the most demanding environments. Electronic Thermal management ensures a minimum of 50'000 working hours is achieved, even when used continuously. Utilising a 5mm stainless steel bracket with 145° of adjustment the Enforcer is one of the most versatile lamps available. The Enforcer is also available as a 24V only option to deter theft of lamps on site.

## STANDARD

### SPECIFICATIONS

SPECIFICATIONS	STANDARD
<b>Wattage</b>	60 Watt
<b>Light Source</b>	12 x 5W L.E.D's
<b>Light Output (raw)</b>	7595 Lumens
<b>Light Output (effective)</b>	5925 Lumens
